

Detailed Action

Allowable Subject Matter

1. **Claims 27 and 31** are allowed.

The following is an examiner's statement of reasons for allowance:

Claims 27 and 31 are allowed because the closest prior art either alone or in combination, fail to anticipate or render obvious, the first information signal and the second information signal include one of a set of signals modulated by different modulation schemes and a set of signals encoded by different encoding methods, and the weight-related information is common to all of the plurality of frequencies used for signal transmission from the radio communication system to the system of the communication partner, in combination with all other limitations in the claim(s) as defined by applicant.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".
